Dear Families,

School closure for the majority of children:

From 3pm today the school is closed until further notice. This is for all children except for those whose parents are defined as key workers or for those who have been identified as vulnerable.

Whilst we understand and fully support this decision, it is with deep regret that we are forced to close our doors to the majority of our families, it never occurred to me that my first term at Bramley would end in this manner. We do want to reassure you that whilst your children might not physically be in school all the staff are still here to support you and your children. The school office will be open from 8.30am to 3pm every weekday, unless we are instructed to close completely. You are welcome to email office@bramley.surrey.sch.uk or ring on 01483 892346 at any time. Staff will get back to you as quickly as they can.

All families who do qualify as key workers have been contacted today, and an additional letter has been sent outlining the procedures for next week.

These are incredibly challenging times for us all. I would like to thank all of the staff for their professionalism, dedication and flexibility in this ever changing landscape. I would also like to thank all of our families, you have all been highly supportive and your patience and kindness in these last few weeks has been really appreciated.

Attached to this letter is a list of learning ideas for your child, this is sufficient until the end of the Easter holidays, we will send further work out in April if school remains closed. We would recommend trying to complete a little bit every day and if you only have time for one thing, please do share a book together. All of the attachments are also available on our website under the relevant Year group. We will send out regular communications so do keep an eye on your emails.

You may be aware that the National Trust have opened up all their parkland for free, as the spring arrives it's a good time to go exploring in the countryside around us and it is still possible to practice social distancing whilst doing so. <https://www.nationaltrust.org.uk/>

Coach Ben also has some advice and activities on his website <https://www.sportsstarsuk.com/>

If you need to help your children burn off some energy each morning Joe Wicks is running a daily PE session via his youtube channel at 9am.

We have also attached a document about how to talk to children about Coronavirus.

We look forward to being back together as a whole school community in the not too distant future, until that time comes please know you and your families will be in our thoughts and prayers.

Kind regards

Shona Taylor
