

School council questions – February 2026

1. What do you like about school?

Lunch, learning new things. Seeing friends and teachers. All of the staff.

2. What could we improve about school?

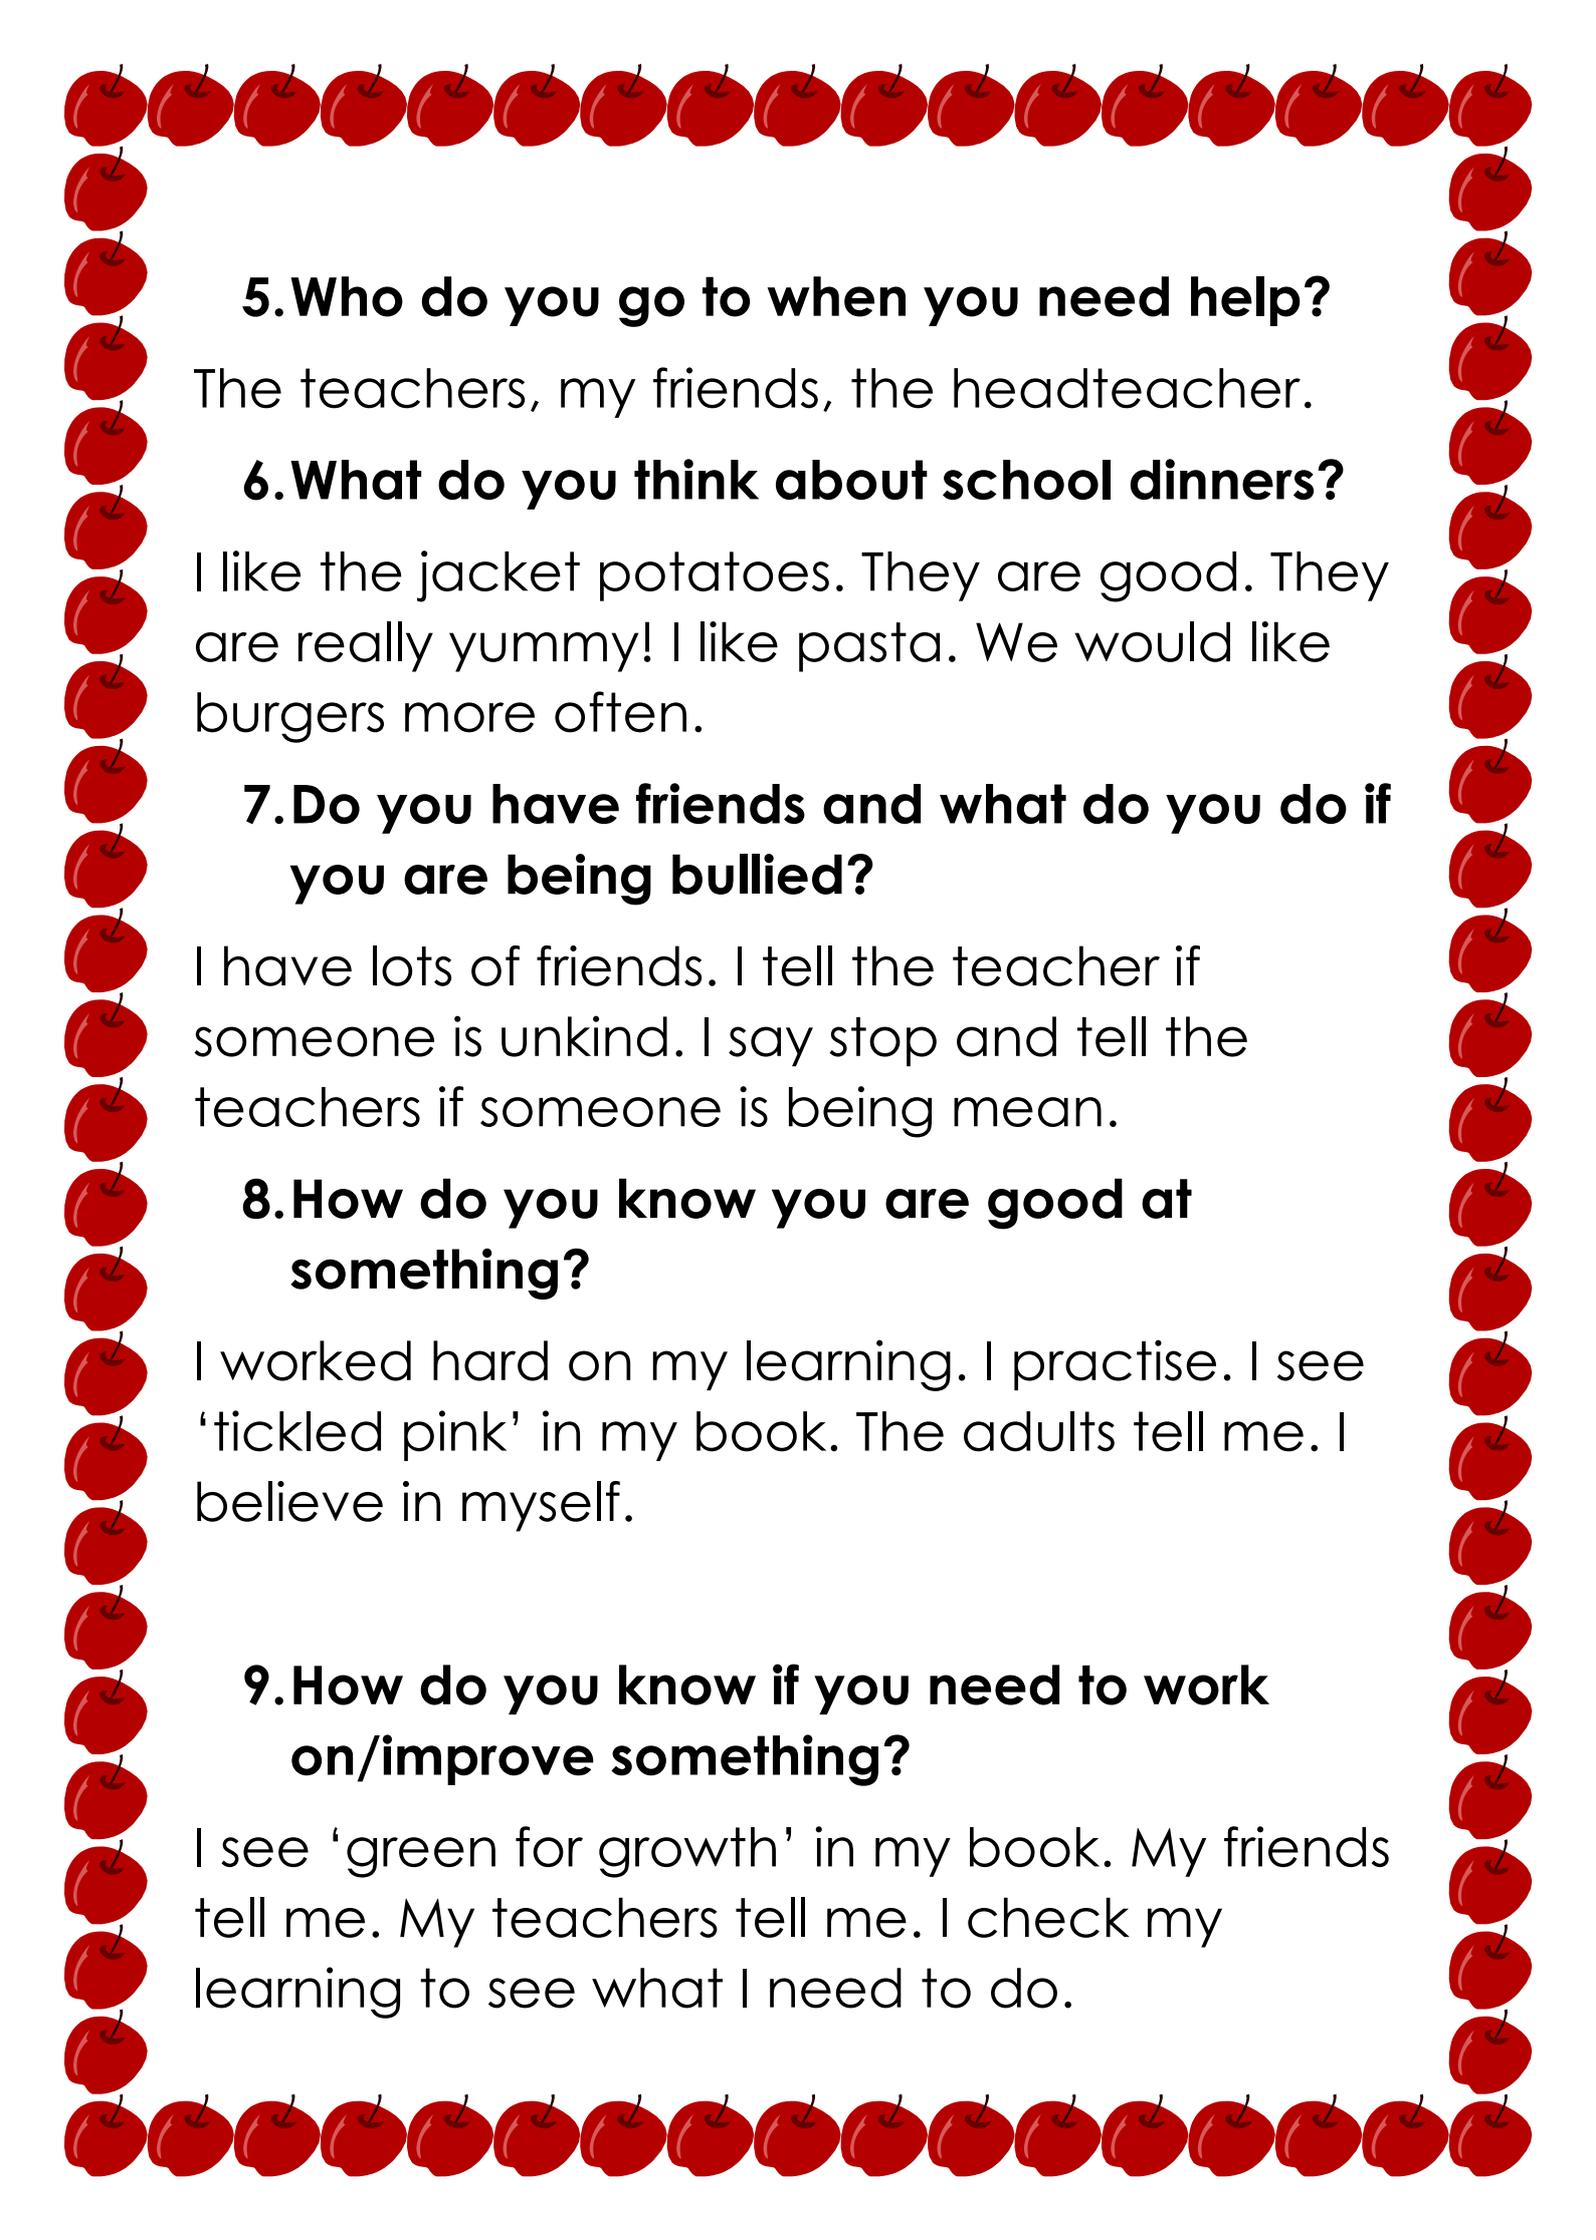

More toys. Help with maths – big numbers are tricky. It would be good to have an upstairs in the school. We would like a trampoline and bouncy castle.

3. How did you feel when you first settled in?

Shy but my friends helped. Excited and a bit shy. Excited to meet lots of friends.

4. What do you like in the school environment? What could be better?

The taps sometimes run longer than they need to. We would like swings in the playground. It would be nice to have nature homes like a bug hotel.

5. Who do you go to when you need help?

The teachers, my friends, the headteacher.

6. What do you think about school dinners?

I like the jacket potatoes. They are good. They are really yummy! I like pasta. We would like burgers more often.

7. Do you have friends and what do you do if you are being bullied?

I have lots of friends. I tell the teacher if someone is unkind. I say stop and tell the teachers if someone is being mean.

8. How do you know you are good at something?

I worked hard on my learning. I practise. I see 'tickled pink' in my book. The adults tell me. I believe in myself.

9. How do you know if you need to work on/improve something?

I see 'green for growth' in my book. My friends tell me. My teachers tell me. I check my learning to see what I need to do.
